Wooden back massager with balls - Assembly 2D drawing

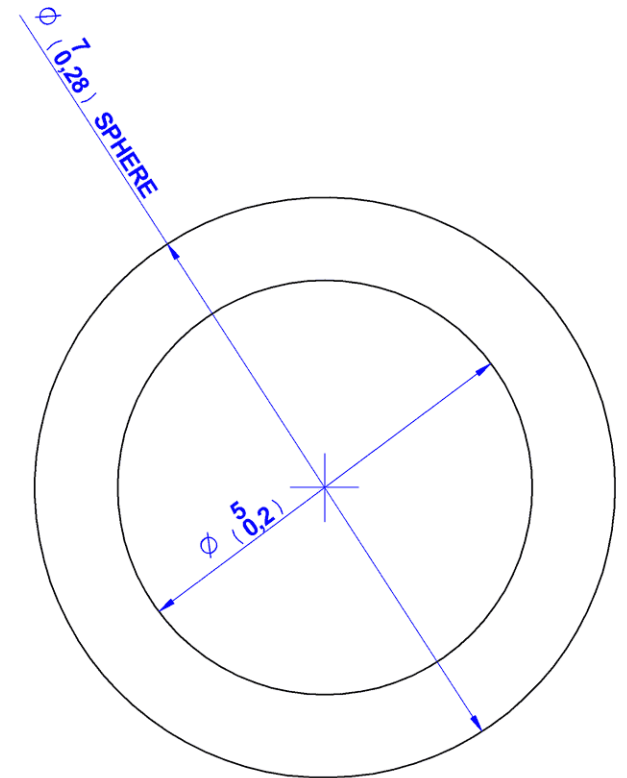

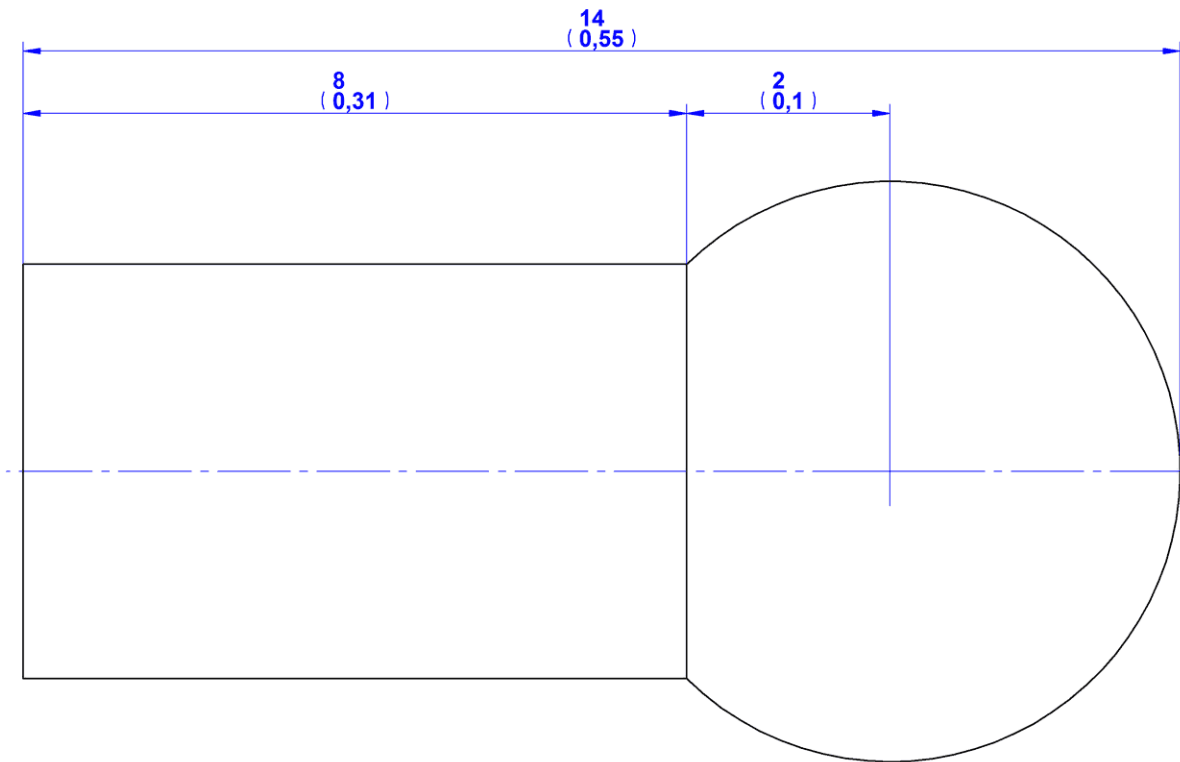

2. Axle

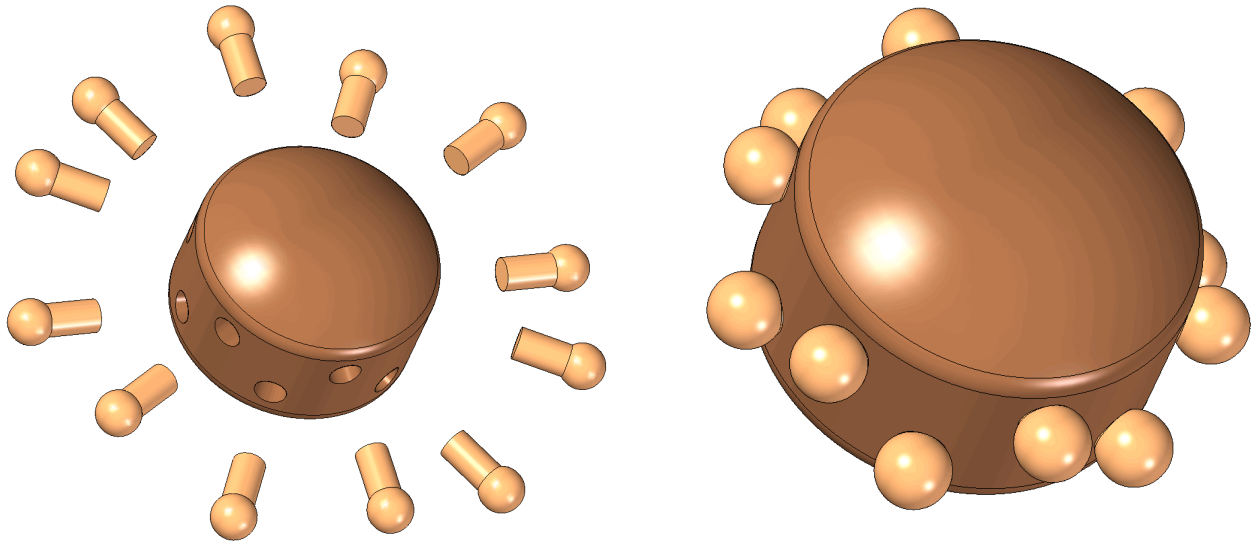

3. Roller

4. Massage ball

Assemblage instructions

1. Attach the Massage balls (Parts 4) with glue to the Roller (part 3).

Make four of these subassemblies.

2. Pull the Axles (Parts 2) through the holes D9mm on the Handle (Part 1) and attach the subassemblies made in the previous step to all the ends of Axles (Parts 2) with glue.
